

ElectraMat Alcohol Free ESD Mat Cleaner with Anti-Static Properties

Availability: Quarts, 12 quart case lots, single gallons and 5 gallon containers

DESCRIPTION: ElectraMat Alcohol-Free ESD Surface and Mat Cleaner with anti-static properties is used to clean and maintain ESD table top and floor mats as well as ESD laminates and many other surfaces.

COMPOSITION: ElectraMat does not contain silicone or other substances that will leave an electrically insulative residue or inhibit the performance of an ESD surface.

It is a non-hazardous, non-flammable and requires no special handling during shipment or for storage. ElectraMat does not contain solvents such as 2-Butoxyethanol, Ethanolamine or Isopropyl Alcohol. ElectraMat will NOT make surfaces brittle and has a TWO YEAR Shelf from date of purchase (conditions apply).

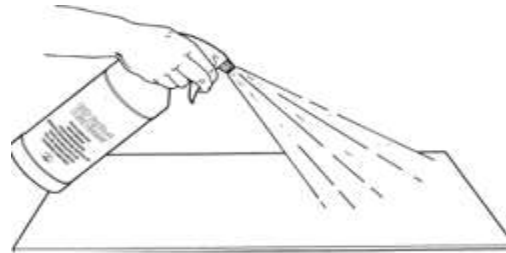

USES: ElectraMat is used to remove dust, grease, grime, fingerprints and solder flux from all surfaces used in static sensitive environments. Uses include table top mats, ESD floor mats, ESD binders, testing electrodes, ESD table top laminates, storage bins, totes, trays, conveyor belts and more.

PROPRIETARY FORMULATION: The ElectraMat formulation contains mild static dissipative additives that rejuvenate the static control properties while reducing static generation when sprayed or shaken in the container and applied to the substrate.

SPECIFICATIONS:

Active ingredients	Antistatic compounds
pH	8.5 to 9.5
Color	Light blue
Odor	Pleasant, mild detergent
Flash point	>104° C. (220° F.)
Electrostatic Decay Time	<0.1 seconds (per FTMS 101C)
Toxicity, irritation	Non-Toxic by dermal contact
ZERO Free ammonia, alkali, acid, phosphates and abrasives	

DIRECTIONS FOR USE:

For anti-static hard surfaces simply spray on full surface and wipe with clean low lint wiper.

For computer screens and acrylic surfaces ElectraMat should be diluted 1 to 4 with water. Spray on diluted mixture and wipe with a clean low lint wiper.

Other Surfaces: Keyboards; Dampen a low lint or lint free cloth or swab and wipe dirt from item.

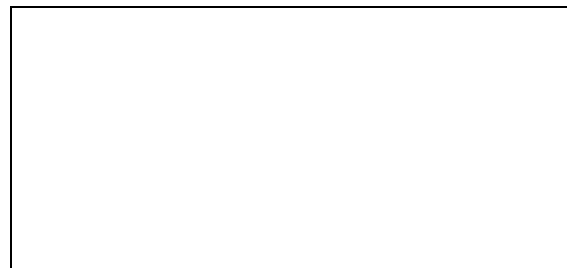

SAFETY:

Health	1
Flammability	0
Reactivity	0
Personal Protection	B

OTHER PROPERTIES:

- Country of Origin: USA
- ElectraMat is RoHS Compliant
- Available in gallon and 5 gallon refills
- HIGH quality, leak free spray nozzles provided with each quart container.
